TOWN OF TWISP UTILITY BILLING

The Town of Twisp mails utility bills on the first working day of the month; payment is due in advance. The bill includes charges for water and sewer utilities plus a 9% utility tax. Payment is due by the 25th day of the month and on the 26th of each month a late fee will be added to any balance of \$11.00 or over. (Please note that the Town has a mail drop located in the door of Town Hall for your convenience).

Water meters are read during the last full week of the month. The actual water consumption will be stated on the following month's bill. We do not read residential and most commercial meters during the winter months of November - March. The actual weather conditions shall determine when we stop reading meters and when we commence in the spring.

Rates are increased to keep up with inflation and to pay for capital improvements and maintenance of the utility facilities.

The base rate for water includes the first 800 cubic feet (800 c.f. = 5984 gals.) per month, October - April. The base rate for water includes the first 1,200 cf (1,200 c.f.= 8976 gals.) per month May - September. Water consumption beyond the base shall be assessed utilizing the Town's inverted block rate schedule. These rates incline as consumption increases. Because of the rate structure adopted by the Town, it is the recommendation of the Water Utility Department that special attention be given to summer watering practices and leaky faucets and toilets.

<i>Water Overage Fee - 801-1,200 cf/additional 100 cf</i>	<i>\$ 1.65</i>
<i>Water Overage Fee - 1,201- 3,000 cf/additional 100 cf</i>	<i>\$ 1.92</i>
<i>Water Overage Fee - Over 3,000 cf/additional 100 cf</i>	<i>\$ 2.18</i>
